

Big Block Chevy Tune Port Brackets

Also works great with most other induction systems - single carb, multiple carbs, tunnel rams, etc. Bolts to heads and water pump. Clears most valve covers.

15233-VCB compressor/alternator tune port short pump

15130-VCB compressor only (passenger side) short pump

15823-VCB alternator bracket only (driver side) short pump

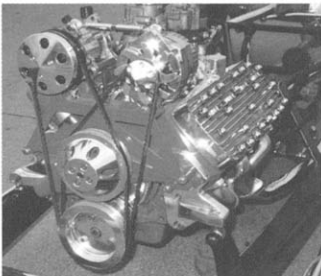

Mopar V8 Brackets

15120-VMB Mopar 318"-360" V8 engines early to 1969

15121-VMB Mopar V8 (comp. mount only) 1970 to 1982

16100-BCA Mopar 383" V8 engines (comp. mount bracket)

NEW! - Ford Flathead Water Pump - A/C Bracket System

Improved cooling from the use of a Chevy V8 water pump in a compact complete kit. Must use late ('49-'53) style distributor. 6.75" from block to fan mount surface. Includes water pump, crank hub, aluminum pulleys, alt. and A/C brackets, and all hardware.

15248-VFB 1939-1948 Complete water pump & A/C bracket kit

15253-VFB 1949-1953 Complete water pump & A/C bracket kit

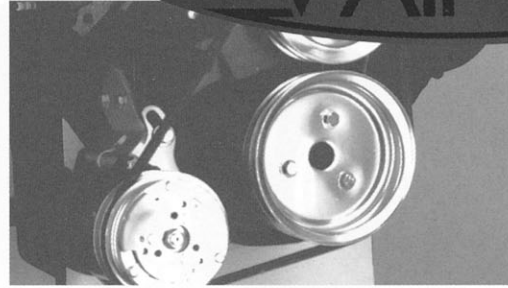

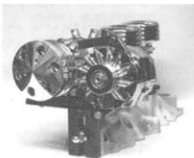

Ford Flathead Alt. - A/C Bracket

For use with GM alternator and Sanden compressor. May be used with multiple carburetion. Offset water neck available for '49-53 engines. Single wide-groove compressor and alternator available for all installations.

15237-VFB 1937-1941 Flathead comp/alternator

15242-VFB 1942-1948 Flathead comp/alternator

15249-VFB 1949-1953 Flathead comp/alternator*
(Requires offset waterneck **70654-VUQ**)

Big Block Chevy Low Mount Compressor Bracket
Bolts to fuel pump mounting flange. May be driven off crank and fan pulleys or crank pulley only. Requires use of remote fuel pump.

15136-VCB Low mount comp bracket (short water pump)
